Scholarship Committee, Frank Gosar :

Committee hasn't met this Summer.

Vince Pitelka Workshop :

Elaine Pruett and Leslie Friedman attended the 4.5 day workshop. We learned several great tricks of handbuilding. We were able to come early and stay late to work on our oversized coiled pots and textured boxes. Vince is a talented teacher and it was a fun workshop. We're very pleased to have participated in it.

Announcements :

Lane Art Council sent out a notice that local jeweler, Carol Westlake, has developed liver cancer. Lane Art Council is requesting artists to donate work for an auction to defray medical expenses. Please contact Lane Art Council for dates. 485-2278

Frank motioned that we adjourn and Michael seconded.

Picnic: The members and families that attended all had fun. The food was really good-- especially the fresh garden vegetables, freshly baked pie with apples right from the tree, freshly baked garden-fresh zucchini/coconut cake (yum!) and other wonderful food. The highlight of the day was probably our new Seconds Exchange, although most of the work didn't look like seconds to me! It was a fun and easy way to see a sample of everyone's style. Everyone went home happy! If you missed it, be sure to come to the picnic next year. It was really fun!
